Cancer treatment has advanced significantly in recent years. Drug therapy now has the potential to extend life beyond previous expectations. Unfortunately, these drugs are very expensive and can often create financial hardship for the patient. The Bettie Jane Cancer Foundation exists to help pay for the cost of these treatments. Whether through assistance with insurance costs or direct offset of medication costs, the Bettie Jane Cancer Foundation stands beside those in need. If you or a family member have such a need and reside in Frederick, Washington or Allegany Counties, please contact us for help.

Bettie Jane Bryant

Chairman of the Board/
Founding Member

Owner and Director of Bettie Jane's Center of Dance Art, Bettie Jane Bryant has served and continues to serve Frederick County for over 50 years.

In the fall of 2008, Bettie Jane was diagnosed with breast cancer, and had a double mastectomy at the end of October. She began Chemotherapy in December through March and had 28 radiation treatments in April and May. She is now on the 10 year plan of Hormone Therapy. As of this date, she is cancer free.

During her treatments, she, her dance students and faculty decided to hold a 5K Walk to benefit The Cancer Care Center of Frederick, to help local cancer patients in need. The 1st Annual 5K Walk in 2009 raised over \$10,000. She has held a total of 10 walks to date generating over \$80,000. With the support of The Cancer Care Center of Frederick, The Bettie Jane Cancer Foundation, a non-profit organization, was officially established in 2011. This foundation helps cancer patients in need in Frederick, Washington or Allegany County. Our motto is "Working Together, Saving Lives!"
